PRICES ARE SUBJECT TO CHANGE AT ANY TIME WITHOUT PRIOR NOTICE. THEREFORE, WE KINDLY REQUEST ALL CUSTOMERS TO CONFIRM THE LATEST PRICING BEFORE PLACING THEIR ORDER TO AVOID ANY MISUNDERSTANDING OR INCONVENIENCE.

Due to global war situations, increased fuel costs, currency value fluctuations, and the continuous rise in Chinese manufacturing prices, the market is experiencing regular price hikes and fluctuations. In addition, electronic components, raw materials, and certain essential items are currently in short supply, and some products are not readily available in the market. These factors directly affect import, transportation, and production costs, which result in frequent changes in product pricing. Therefore, prices may change at any time without prior notice, and customers are kindly requested to confirm the current price before placing their order.

THANK YOU FOR YOUR COOPERATION AND SUPPORT.
